

- 1 Calcula el área de estas figuras.

$$\text{Área del triángulo} = \frac{\text{base} \times \text{altura}}{2}$$

$$\text{Área del rombo} = \frac{\text{diagonal mayor} \times \text{diagonal menor}}{2}$$

$$\text{Área del romboide} = \text{base} \times \text{altura}$$

$$\text{Área del polígono regular} = \frac{\text{perímetro} \times \text{apotema}}{2}$$
